JOHANNESBURG TOURS

BEER & WINE EXPERIENCE (FULL DAY)

Our Johannesburg Beer and Wine experience is one of a kind! Back when craft beer was still in the garage, and wine in small barrels, we launched a tour that showcased the emerging trends, rooted in the most ancient forms of brewing – traditional African brewing and great crafted wine. Beer, like coffee, started on this continent and wine, on the other hand, was brought by the Dutch, French, and British.

This Eight hours experience, it's a full-day Beer and Wine visit to a couple of our favorite breweries and wine emporiums sampling the range, touring the facility, and having a bite to eat. And then we visit a traditional master brewer. These are mostly women, brewing in ancient ways. Craft beer emerges out of these traditional forms, and so for us, it is essential to pay homage to the tradition. Daily, tens of thousands of women across Johannesburg brew umqhumbothi, or traditional beer, for special events or to serve in township shebeens and make a living. We visit a master brewer in either Alexandra or Soweto. It is the tradition to go down on your knees and drink from a communal vessel.

THE STORY OF SOWETO (FULL DAY)

A half-day experience at one of the biggest townships in South Africa and get to meet the community, visit the museums like Hector Pieterse Museum, Mandela House, and Soweto Theatre, have a short walking tour, and have a light meal.

From the 1950s Soweto became an epicenter of political campaigns aimed at overthrowing the apartheid state, and in 1955 it was the location where 3,000 people came together to adopt the Freedom Charter - which is what the South African Constitution is now based.

The most famous street in Soweto

Once just a residential road like any other, Vilakazi Street became famous for being the only street in the world to have housed two Nobel Peace Prize winners. Two of the world's most famous humanitarians; Nelson Mandela and Desmond Tutu. Now lined with bars and restaurants, Vilakazi is the place to be seen. A place where tourists flock and many locals return from the big city to show how far they have come in life with flashy cars and even flashier fashion.
